## **Boone Center gets \$157,500 in tax credits**

St. Louis Business Journal

Boone Center Inc. in St. Peters has been approved for \$157,500 in state tax credits. The money will be used to help fund its Community Employment Opportunity and Career Planning Center programs for adults with disabilities in St. Charles County and surrounding areas.

These services include on-the-job adaptive planning and support, continuing on-site job coaching and communication skills between employers and employees.

The Missouri Department of Economic Development administers the Neighborhood Assistance Program to help not-for-profit organizations raise private-sector funds by providing partial state tax credits to businesses that make contributions to approved community improvement projects.
